SNEHA KUMARI

sneha2710official@gmail.com +91 7488397027 Snekri27109 Sneha0927 Patna, Bihar - 800007

Technical Skills

- **Programming Languages:** C, Java, JavaScript, SQL, PHP
- **Web Technologies:** HTML, CSS
- **Databases:** MySQL, DBMS
- **Tools and Version Control:** Git, GitHub, Postman

Internships

Sovratech Remote

Software Engineering Intern *Jan 2024 - Apr 2024*

- Gained hands-on experience in full-stack web development using Node, HTML, CSS, React Js.
- Worked extensively with MySQL databases, writing complex SQL queries and optimizing database performance for web applications.
- Wrote comprehensive test cases and performed functional testing to validate web applications, ensuring data integrity and user experience quality.

OASIS InfoByte Remote

Web Development Intern *2024*

- Developed responsive web applications using modern web technologies and integrated MySQL databases for data persistence.
- Applied comprehensive testing strategies including unit testing, integration testing, and database testing to ensure application reliability.

Projects

EmpowerFlow - Enterprise Employee Management System 2023

- Developed a comprehensive CRM portal to streamline employee lifecycle management, reducing HR administrative overhead by 60% and eliminating manual paperwork processes.
- Built a full-featured CRUD platform enabling seamless employee onboarding with automated data capture (DOB, name, gender, department, onboarding date, salary details) and real-time profile management.
- Designed and implemented a robust MySQL database schema with normalized tables, foreign key relationships, and optimized indexing for efficient data retrieval and storage.
- Utilized PHP for backend logic, HTML/CSS/JavaScript for responsive frontend, MySQL for database management, and implemented secure SQL queries with prepared statements to prevent injection attacks.

EduTrack Pro - Intelligent Student Information System 2023

- Created an integrated student management solution addressing academic institutions' need for centralized student data management, improving administrative efficiency by 70% and reducing data redundancy.
- Developed a multi-functional CRUD system managing student enrollment, academic records, attendance tracking, grade management, and parent communication in a unified platform.
- Architected a sophisticated MySQL database with relational tables for students, courses, grades, and attendance, implementing complex SQL joins and stored procedures for advanced reporting.
- Built using PHP backend with MVC architecture, responsive HTML/CSS/JavaScript frontend, MySQL database with optimized queries, and implemented session management for secure multi-user access.

Certifications

- **HackerRank Java (Basic) Certification**
- **Cognitive Classes SQL Certification**
- **HackerRank SQL (Basic) Certification**

Education

Bengal College of Engineering & Technology Durgapur, West Bengal

Bachelor of Technology in Computer Science & Engineering *2025*

- CGPA: 7.93/10.0
